

F.A.Q.'S (continued)

Q: Does SLK guarantee success?

A: SLK's policy is to guarantee a 200 pt increase from the prêtest to the actual test. Most Students will meet this goal. In the event the 200 pt increase isn't met, we will offer the full course again at no charge. SLK does guarantee that the motivated student who attends SLK classes faithfully will show substantial improvement in practice test scores. However, our point guarantee is null and void should the student miss a class or fail to do the assigned homework.

Q: How realistic are SLK practice tests?

A: The practice test questions are taken from the official SAT national guide.

Q: What if I need primary help with just one portion of the SAT?

A: The student may request a specific focus, but pre-testing will be our main determining factor. Tutor focus will adjust accordingly.

Q: How are SLK's SAT classes organized and scheduled?

A: The process begins with a pre-test so that the teacher can assess strengths and needs. Upon completion, the program will be five 3-hour sessions of instructions (a total of 15 hours), and four 4-hour tests - covering SAT content and test-taking techniques. A post-test will be given on the third to last lesson, with results discussed and analyzed on the final lesson, one week before the student's actual S.A.T. test date.

Q: Is there flexibility within the basic SLK schedule? What if I miss SLK classes I have paid for?

A: There are no make-up lessons for missed classes. However, for students taking private lessons, SLK and SLK teachers will make every reasonable effort to accommodate the student and his or her family. Again, any absences will result in voiding the point guarantee.

Q: Does SLK offer its high quality test preparation for any other tests?

A: Absolutely! If you need a comprehensive tutorial program that preps you for multiple tests, SLK can help! SLK can arrange programs that will prepare you for the **SAT, SAT Subject Tests, PSAT, ACT, AP Tests (Science, Language and Literature, Biology, Chemistry, History), TOEFL, STAR testing, CBEST**, and more! Give one of our test prep experts a call!
